

TECHNICAL DATA SHEET

TROWEL

CS Notched Trowel comes with special stainless steel, having high wear resistance and perfect flatness.

CS NOTCH TROWEL CLOSE HANDLE
CARBON STEEL SIZE 230MM X 100MM X 0.8MM

Available in: 6, 8 mm TROWEL WEIGHT-218Gm

ADVANTAGES

- **Spreads Adhesive Evenly:** Ensures consistent adhesive coverage on the surface.
- **Creates Uniform Ridges:** Helps form ridges for better tile bonding.
- **Enhances Adhesive Grip:** Improves contact between tiles and adhesive.
- **Prevents Air Pockets:** Reduces the risk of trapped air under tiles.
- **Ensures Proper Tile Leveling:** Helps maintain even tile height.
- **Adjusts Adhesive Thickness:** Controls the amount of adhesive applied.

WHEN YOU USE CS NOTCHED TROWEL

1. Consistent Adhesive Coverage
2. Improved Tile Grip
3. Prevents Air Pockets
4. Ensures Even Tile Height
5. Controlled Adhesive Thickness
6. Faster Installation

WHEN YOU DON'T USE CS NOTCHED TROWEL

1. Poor Adhesion
2. Uneven Tile Placement
3. Air Pockets
4. Reduced Durability
5. Water Damage
6. Increased Maintenance and Repairs
